

Customer Discounts:

The volume discount you are offered will be based on you previous year's purchases and your payment history. In exchange for the continuance of the discount, we ask that you meet the payment terms as agreed upon. All invoices past due forfeit any right to volume discounts. **Failure to meet established terms will also result in loss of any future volume discounts and extended payment terms.** (Ex: Net 30 days.) Volume discounts do not apply to freight, interest charges, net prices or special priced items.
